One (1) Performance Against Standards (PAS) show is offered in Medina County. If an exhibitor fails to qualify at the **June 16**, PAS Show the member can show in another county. You will need to check with the Extension Office for the other county show dates.

Detailed rules and State Fair Schedule can be obtained from the Extension Office.

Exhibitors who score at or above the qualifying score or time will go on to state competition. Scores will be posted soon after the class. This will enable the exhibitor to see how various parts of the performance were scored to reach the final total.
