1. _____

2. _____

What were the most interesting or important activities you did in this project?

What did you learn in this project?

Your Narration

Please include the items from the other side of this paper in your narration. *If you do not include the information, your narrator will change your narration to include everything so please take your time on this.* Your narrator will be reading this during the style review while you're modeling your outfit, so make sure you write enough that they will be able to read the whole time you're modeling. Keep in mind, the audience members sitting in the back may not be able to see the small details of your outfit, so make note of them in your narration.

Example narration: Zoe Smith from the Lucky Clovers 4H club has on a new outfit to wear on the first day of school. She's made a pink button down shirt, as well as a new pair of jeans. She's paired this with a stylish purse and belt to complete the outfit. The embellishments on the pockets of her jeans are her favorite feature of her outfit. Zoe learned about doing laundry in this project, as well as good shopping skills. Zoe has also made the honor roll at her high school last year, and was a member of National Honors Society.
