Pasture Rescue!
Preparing for Spring Renovations
Pasture • Forage • Hay

Rory Lewandowski, Wayne Co. Extension

Pasture can decline for many reasons. Bad weather, weeds and brush, over grazing, and management strategies can all have a roll to play in the decline of quality forage for grazing animals. Join OSU Extension to learn how to evaluate YOUR pasture and plan pasture renovations for spring 2017. Do you have to tear it up or can you overseed? What about frost seeding? We will discuss your situations and learn about the different levels of renovation options for improving or even starting a new pasture on your land.

Location
Letha House West
5800 Richman Rd.
Spencer, OH 44275

Cost: $15.00 per farm

Contact:
Ashley Kulhanek
