“To become more engaged in the local community and find opportunities for said engagement”

- Attorney

“Exchanges among the attendees on issues in the county, knowledge gained about Zoning. Helped in some neighborhood discussions”

If currently serving in public office, how has the Local Government Leadership Academy helped you?

“I wanted to take a minute to thank you for putting together this wonderful program! I'm a huge believer that, if you learn something new each day, it's a great day. I have learned something new in each week of these classes!”

- City Council President

“The contacts and networking available. To know we in our village are not alone in the challenges we face. We all have the same problems but we need to work together not just our community but work together with our bordering villages/neighbors.”
